The Condominium Residences at Seven Bridges

Golf. Swim. Shop. Work out. Dine. And enjoy the view.

Golf. Obviously.

One can not live on golf alone. Well, that remains to be determined. One of the best parts of living at Seven Bridges is that it is at the heart of one of the finest locations in Woodridge. You're within walking distance of downtown shops, casual and fine dining and nearby parks and amenities. Of course most importantly, at The Condominium Residences at Seven Bridges you will be living right next to, as Golfweek says, one of America's best public courses.

Go birdie watching.

One of the best parts of living next to Seven Bridges golf course are the views of park-like nature. From the rolling green hills in summer, the fiery colors of autumn, the shimmering white snow-covered trees in winter and the soft, bright colors of the flowers in spring. There's also an outdoor pool on the third floor that overlooks the course. Stroll through the exciting new Main Street at Seven Bridges and do some shopping before having dinner out. Or just stay home and enjoy the incredible views of the course.

Hole #10 The breathtaking view of blossoming flowers and majestic oak trees creates a beautiful backdrop for an uphill par five. Tee ball should be placed on the right side of the fairway providing the best approach to this three tiered green.

Hole #12 ▶

Challenging par three over a large bunker offers an opportune bail zone to the right of the green. Willow trees and pot bunkers guard the left side of this challenging green.

Hole #15 ▼

The most beautiful par three on the golf course. Backed by colorful blossoms and Seven Bridges Lily Lake, you sometimes forget that you're here to play golf. Take great aim to hit the green, shots fading right will find Lily Lake and those errant shots to the left will find the bunkers protecting the green. On second thought, maybe you should just take in the beauty and drive to the next hole.

◀ Hole #12

A well-placed tee shot to the left center of the fairway takes the out of bounds on the right side out of play. A fairway wood or long iron is all you will need to set up a short to mid iron into this tree lined green. Golf shots falling short of the green may find the green side beach bunker protecting the approach.

◀ Hole #4

A beautiful par three with a carry over a babbling brook. An errant tee ball would be best directed to the right avoiding the creek on the left side.
